

# Environment policy

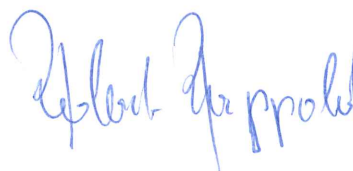

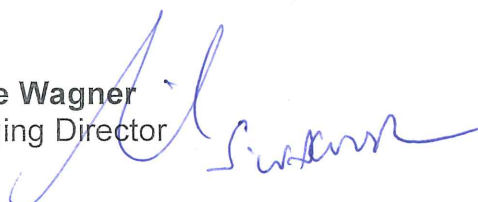

The preservation of our natural environment and the livelihoods of future generations are a particular concern for ELSTA Mosdorfer.

- We are committed to reducing the environmental impact of our activities to a minimum and to continuously improve them.
- We make careful use of our resources and treat our environment with consideration.
- We comply with, applicable environmental legal and other requirements which are related to activities, products and/or services of our company.
- We strive to develop our procedures, processes, and products as well as the services of our suppliers according to economic requirements and limiting environmental impacts to a minimum.
- We manage and improve our significant environmental aspects on our own responsibility.
- We aim to protect our employees from health impairments and our sites and their environment from damage.
